This business is made possible because of talent on loan from God

It is the customer's responsibility to assure that my grips do not
 Interfere in any way with the proper functions of the firearm,
 As I will not assume any liability for improper fit or functioning
 due to dimensional differences or custom modifications.

IMPORTANT

You have to understand that wood is a natural material and as such it will vary in color, grain striping, grain pattern etc. The grips I used in my website photos are examples of the different woods used. DO NOT assume that the grips you order will look exactly like the ones in the photos. By completing this order form you agree to have read all the notes about wood colors, grain patterns, guarantees, frame variances , in other words, everything on my website.
